Traditional Espresso Machine

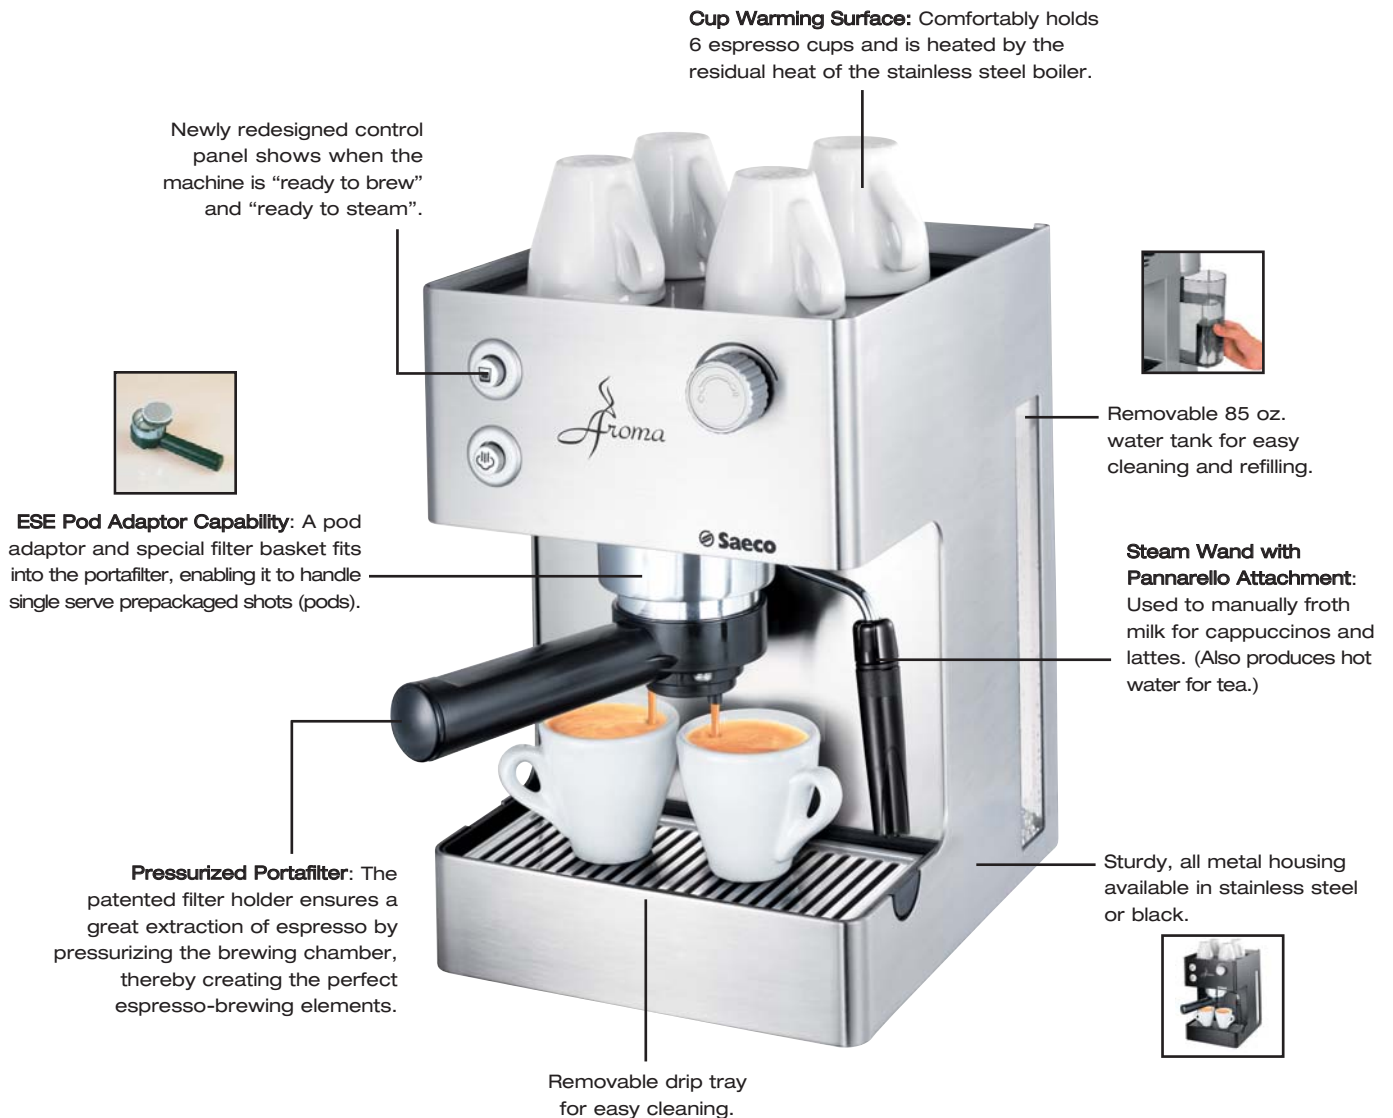

Enjoy delicious gourmet coffee the Italian way.

Made in Italy

Ideas with Passion

 **Saeco**

Aroma

Cup Warming Surface: Comfortably holds 6 espresso cups and is heated by the residual heat of the stainless steel boiler.

Newly redesigned control panel shows when the machine is "ready to brew" and "ready to steam".

ESE Pod Adaptor Capability: A pod adaptor and special filter basket fits into the portafilter, enabling it to handle single serve prepackaged shots (pods).

Removable 85 oz. water tank for easy cleaning and refilling.

Steam Wand with Pannarello Attachment: Used to manually froth milk for cappuccinos and lattes. (Also produces hot water for tea.)

Pressurized Portafilter: The patented filter holder ensures a great extraction of espresso by pressurizing the brewing chamber, thereby creating the perfect espresso-brewing elements.

Sturdy, all metal housing available in stainless steel or black.

Removable drip tray for easy cleaning.

specifications
