

Cordless Inflator/12-Volt Power Supply

Feature

- Sealed lead acid battery
- High-pressure pump
- Cooling fan
- Digital pressure gauge
- Digital auto shut-off
- Safety light
- 12-Volt power outlet
- 15-Amp fuse
- 110-Volt AC adaptor and 12-Volt DC adaptor
- 3 inflation accessories

Benefit

- Rechargeable, cordless design offers true portability
- Fast, easy inflation of high-pressure items such as tires and sporting equipment
- Cooling fan gives extended unit life and reliability
- Built-in pressure gauge simplifies monitoring tire pressure
- Digital gauge will automatically shut off pump when preset pressure (PSI) is achieved
- Bright work light aids in nighttime emergencies
- Extra outlet provides power to run most 12-Volt products
- Fuse provides overload protection
- Unit is rechargeable at home or in the car
- Accessories include needle for sports balls and other adaptors
