# Powered Stainer

#1 Chosen over Competitors  
2001 Market Testing  
Best Spray Pattern  
Lightest Gun  
Quietest Operation

## Features:

### Stainless steel piston

For spraying stain and oil-based coatings

### Balanced tip and motor

Provides better coverage and more consistent spray pattern

### Tapered canister

Keeps paint pooled for less waste and 'spitting'

### Visual instructions

Convenient reference to simple setup and fast cleanup

### Wide mouth canister

Bigger opening allows easier pouring and cleaning

### Easy grip base

Provides finger holds for stable tightening or loosening

## Benefits:

- Sprays stain and varnish
- Durable aluminum housing
- 3 step use and clean feature

## Specifications:
