**Cup Warming Surface:** Comfortably holds two espresso cups and is heated by the residual heat of the stainless steel boiler.

**Adjustable Coffee Dial:** Easy - to-use control dial allows you to choose how much coffee you'd like brewed each time.

**ESE Pod Adaptor Capability:** A pod adaptor and special filter basket fits into the portafilter, enabling it to handle single serve prepackaged shots (pods).

Removable 50 oz. water tank for easy cleaning and refilling.

**Plastic Pannarello:** Used to manually froth milk for cappuccinos and lattes. (Also produces hot water for tea.)

**Pressurized Portafilter:** The new aluminum filter holder ensures a great extraction of espresso by pressurizing the brewing chamber, thereby creating the perfect espresso-brewing elements.

Removable drip tray for easy cleaning.

## specifications
