All-in-One Rebar Bender & Cutter Combination Unit.

DIAMOND®

DBC-25X

Close up of rebar cutter

Shown with optional bender stand #1BR51312

The DBC-25X combination rebar bender and cutter was designed for the contractor who wants an all-in-one unit. Here are two super tools in one great package. This heavy-duty combination rebar bender and cutter combines the very popular DBD-25X rebar bender and the DC-25X rebar cutter all together in one factory built unit. A toggle switch allows you to go from bending to cutting and both the bender and the cutter are operated hands-free with a foot switch.

Benner-Nawman and **DIAMOND** have earned over two decades of proven quality and reliability. Unit is shipped fully assembled and includes a steel case with six bending rollers, a tool kit, and a #1BR5130 foot control switch. This unit has a one year warranty that includes parts and labor.
