

Assemble on carpet or a protective mat.

- 1 Slide the legs and the base together as shown in Diagram 1.
- 2 Attach the legs to the base, as shown in Diagram 2, using the eight long screws and the hex key.
- 3 Now, attach the base assembly to the bottom of the unit, using the six short screws and the hex key. Screw a glide into each corner of the base.

REV 2 2007.11.27

HARDWARE INVENTORY
