

PRODUCT SPECIFICATION

Surface-mounted toilet tissue dispenser for single roll, Bobrick Model B-273.

Surface-mounted toilet tissue dispenser for single roll shall be constructed entirely of heavy-duty aluminum casting with satin finish. Unit shall be equipped with theft-resistant, controlled-delivery spindle constructed of molded and extruded ABS plastic. Unit shall accommodate standard core toilet tissue rolls up to 6" (152-mm) diameter (2000 sheets) and have controlled delivery operation. Manufacturer's service and parts manual shall be provided to building owner/manager upon completion of project.
