

PRODUCT SPECIFICATION

Surface-mounted multi-roll toilet tissue dispenser, Bobrick Model B-2888.

Surface-mounted multi-roll toilet tissue dispenser shall be constructed of type-304 stainless steel with satin finish and all-welded construction. Front of toilet tissue dispenser shall be 22-gauge (0.8 mm), drawn, one-piece, seamless construction; and shall be equipped with a tumbler lock. Unit shall dispense two 5-1/4" (133-mm) diameter (1800 sheets) toilet tissue rolls. Roll held in reserve shall automatically drop into place after bottom roll is depleted. Dispensing mechanism shall be constructed of 16-gauge (1.6-mm) plated steel with all-welded construction. Unit shall be equipped with theft-resistant, one-piece, molded polyethylene spindles with minimum 1/8" (3-mm) wall thickness. Manufacturer's service and parts manual shall be provided to building owner/manager upon completion of project.
