

PRODUCT SPECIFICATION

Surface-mounted soap dispenser for liquid soap, lotions, and synthetic detergents, Bobrick Matrix™ Series Model B-5050.

Surface-mounted soap dispenser shall dispense viscous to thin, free-flowing soaps, lotions, and synthetic detergents. This dispenser is not designed to dispense E4-rated antibacterial soaps (active ingredients PCMX or Triclosan), iodine-based surgical soaps, or alcohol-based anti-septic solutions. Valve, constructed from high-impact grey ABS with high-gloss finish on exposed surfaces, shall be operable with one hand and require less than 5 lbs of force to comply with ADA Accessibility Guidelines (ADAAG). Container and lid shall be impact-resistant grey polymer with high gloss finish on exposed surfaces. Vandal-resistance lid shall be secured to container with a concealed locking device keyed like other Bobrick washroom accessories and be removable for top filling only after lock is disengaged. Valve shall have soap head-holding capsule valve, stainless steel spring, U-packing seal, and duckbill. The degree of arc on the front of dispenser and the radius on corners, edges and top of dispenser shall complement other Bobrick Matrix™ Series washroom accessories. Minimum capacity: 50 fl. oz. (1.5 liters). Replacement part numbers shall be molded into unit and manufacturer's service and parts manual shall be provided to building owner/manager upon completion of project.
