

# bugaboo cameleon

the most fully-loaded  
bugaboo stroller

## what it does

### modular infant-to-toddler travel system

#### bassinet (key shot)

mattress with aerated inlay will keep your infant comfortable and cozy in the bassinet

#### seat (key shot)

bassinet easily converts to a seat when your child is ready to sit up and see the world

#### 1 multi-use frame

one frame shares both the bassinet and seat fabric to grow with your child and save storage space

#### 2 adaptable to various car seats

accommodates various infant car seats with a bugaboo adapter. the 12 lbs chassis makes click and go with your baby a snap

#### 3 base fabric

choose from 6 exciting canvas colors to combine with tailored fabric set. base set includes seat fabric, bassinet fabric and underseat bag

#### 4 canvas or fleece tailored fabric set

9 canvas + 6 fleece colors to mix and match with the base fabric for total customization. set includes seat inlay, sun canopy, and bassinet apron

#### 5 reversible seat/bassinet

parents can choose eye contact with their infant or let toddlers see the world

#### 6 three position recline

children can choose to sit up, lay down or somewhere in between. great for every mood of the child

#### 7 reversible handlebar

easy-to-reverse handlebar changes the position of the wheels or view of the child; spontaneously adapts to any situation

#### 8 height-adjustable handlebar

one-piece design with no preset adjustments allows comfortable steering for any height

#### 9 two-wheel position

for sand or snow make it a fun ride getting there

#### 10 modular fold

folds easily in two pieces so the seat or bassinet can be used independently

#### 11 parking brake

it's easy to stop and chat with the conveniently located brake

#### 12 drop down handlebar

make any restaurant accessible for your child with the easy release buttons

### wheels

#### 13 12" all-terrain wheels

foam filled tires makes for a smooth and comfortable ride and never a flat tire

#### 14 6" swivel wheel suspension

adjusts approximately every 4kg/9lbs up to 28kg/37.5lbs for a consistently smooth ride as your child grows

#### 15 maneuverability

small, swivel wheels forward for signature bugaboo maneuverability

### special features

#### 16 removable carry handle

loading and unloading is easy with removable carry handle

#### 17 5-point harness

5-points of protection, shoulder pads and easy-to-adjust straps accommodate your growing child in comfort

#### 18 underseat bag

easily removable underseat bag holds everything needed for all your daily outings

#### 19 independent bassinet + seat

use either configuration on its own for the park, beach or feedings

#### 20 white parts

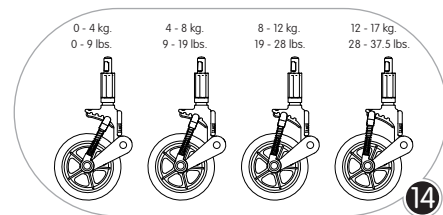

all white buttons on the stroller indicate easy-to-operate features

### replacement parts

most parts are replaceable allowing the Bugaboo Cameleon to meet a lifetime of stroller needs
