

Hubert Herr products purchased through CSN Clocks offer an extended 2 year warranty as opposed to the traditional 90 day factory warranty. In order to maintain the quality of Hubert Herr products throughout the warranty period, any necessary clock service *must* be preformed by one of Hubert Herr's approved Service & Repair Centers which are listed below.

Should you require service on your Hubert Herr product please contact your nearest service center to find out the appropriate procedure. If you prefer to have your clock serviced at another location (within the 2 year extended warranty period) the extended warranty will become void and will default to the standard 90 day factory warranty. Please feel free to contact our customer service department should you have any questions or concerns.
