UNLESS OTHERWISE STATED, PLEASE DO NOT TIGHTEN BOLTS (AND/OR) SCREWS UNTIL UNIT IS COMPLETELY ASSEMBLED. Examine all packaging material for small parts that may have come loose during shipment. Periodic checks are recommended to insure that all components are in proper position, tight and free from damage. Keep this assembly instruction for future reference. Adult assembly required. Online Parts Request Form: www.hillsdalehouse.com/parts_request.html

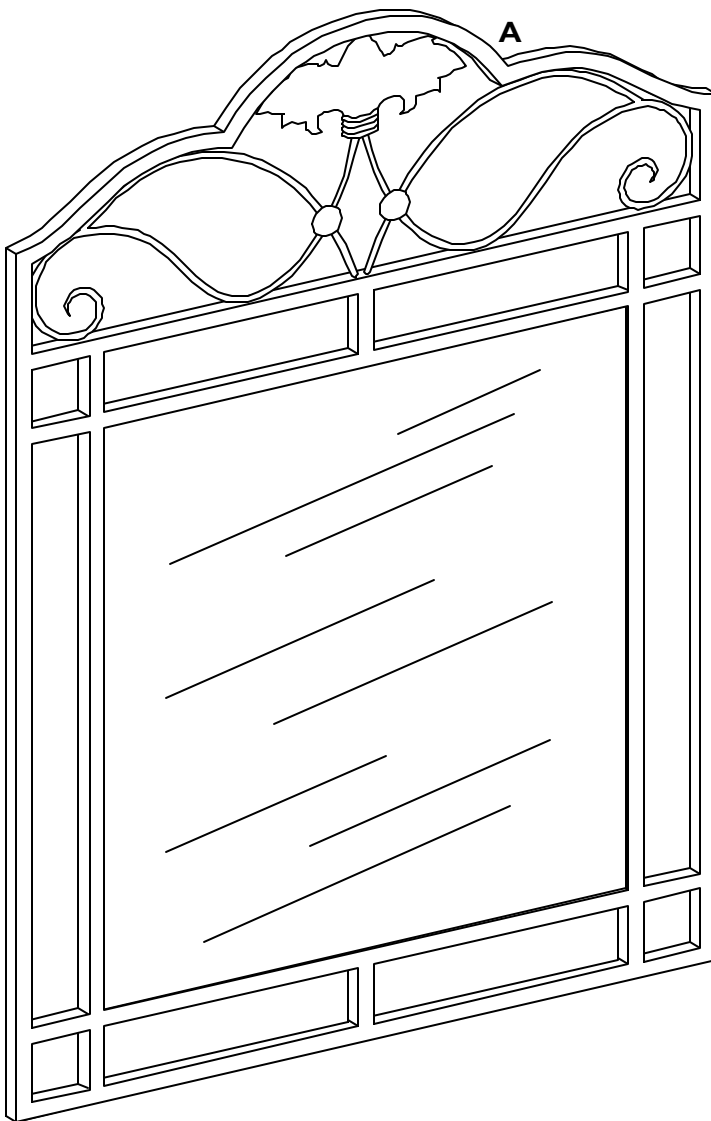

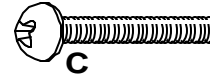

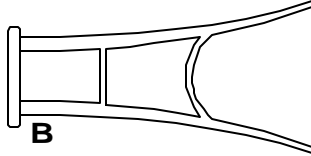

PARTS LIST

A (1) Mirror

HARDWARE LIST

B (1) Wall Anchor

C (1) Mounting Screw

*** MOUNTING *** INSTRUCTIONS

Begin mounting, by first drilling a small pilot hole in the wall using a 1/8" drill bit. Squeeze Wall Anchor (B) and carefully slide it into hole that you have just created. If needed, use a hammer to push anchor into the wall, until it's end is flush with your wall.

Once the Wall Anchor is in place, screw in the Mounting Screw (C) using a phillips head screwdriver (not included) until screw is tightly in place.

Now that you have your Mounting Screw (C) in place on the wall, you may now hang the mirror on the secured screw, using the rope on the backside of the mirror.

CARE & MAINTENANCE: The touch of a soft cloth is all the maintenance the finish of your new Mirror will ever need. Never use harsh or abrasive cleaners for polishing. Periodic checks are recommended to make sure that all bolts, screws and nuts are securely tightened.
