

Point-of-Use Water Heaters

Model W152 / W154

Economical, electric storage water heaters that fit almost anywhere

Save space.
Save money.

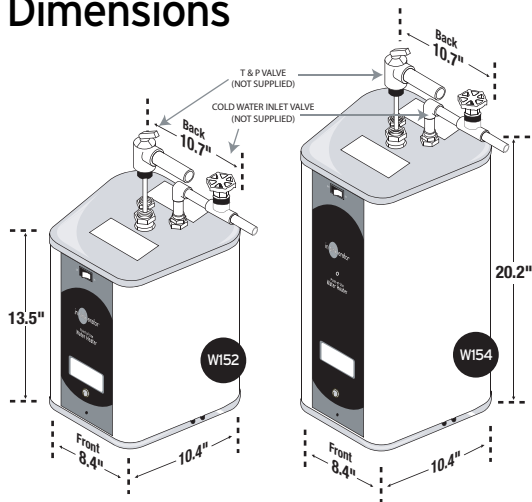

Submittal Sheet

- Bronze, long-life storage tank. Nothing to corrode or wear out.
- Screw-in copper heating element can be easily replaced.
- Tank is insulated with expanded polystyrene, then jacketed in steel for maximum heat retention, minimum standby heat loss.
- Super fast recovery rate for better service.
- Drain provided for easy maintenance.
- Easy to install. Fits almost anywhere – under sinks, in cabinets, etc.
- Adjustable temperature range of 110° to 170° F.
- Operates on ordinary house current.
- 3-1/2 foot cord and grounded plug.
- One year full warranty covers all parts, labor and onsite repairs by an InSinkEerator service agency.*
