

Product Information

Applicable product*:		
Wall mount faucet	K-T10087-9	
*Valve must be ordered to complete faucet.		
Applicable valve:		
Wall-mount valve	K-410-K	required

Installation Notes

Install this product according to the installation guide.

1-1/2" (3.8 cm) minimum must be maintained between bottom of spout and top of the fixture rim.

Three 1-1/8" (2.9 cm) D. cut-out holes required for spout and handles.

Spout location shall be installed to conform to all local plumbing codes and national consensus standards for minimum air-gap requirements.

Lower flow aerator options are available - please refer to the Kohler Price Book.
