

MANHATTAN TR - TR1 floor

Design Danilo De Rossi

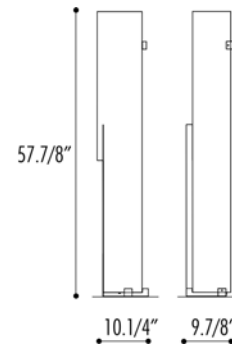

multi-stripped glass

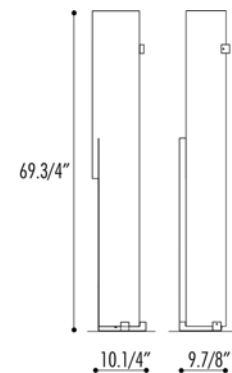

white glass

Manhattan TR

Manhattan TR1

DESCRIPTION: An architectural floor resembling a skyscraper that is available in two sizes. Two tone metal finishes create an interesting background for the tall diffuser and both incandescent and fluorescent light sources provide general illumination.
Companion table and wall sconces are available.

CONSTRUCTION: A metal base finished in polished chrome and painted titanium supports the diffuser. An on / off switch is provided on a black cord that exits the base and an in-line dimmer is optional on the incandescent version.

LIGHT SOURCE:

TR 4 x 100watt , A-19 , Incandescent (Provided)
2 x 55 watt , 2G11 , Fluorescent (Not Provided)

TR1 5 x 100 watt , A-19 , Incandescent (Provided)
3 x 36 watt , 2G11 , Fluorescent (Not Porvided)

FINISHES: Polished chrome or Painted titanium

COLOR :

TR Satin White Glass, Ribbed Pale Green Glass
TR 1 White Polycarbonate
