

LS-A201 (Black Oak)

To compliment your system, we suggest adding our speaker stands (refer to the Speaker Stand section for details).

LS-V501 (42)" (Black Oak)

ENCLOSED AUDIO/VIDEO CABINETS

THE LS SERIES Offering PLATEAU's legendary high quality with premium components, the LS series of contemporary cabinetry is composed of 3/4" [19mm] material that are available in natural wood - Black Oak (B).

The LS-A201 features high quality safety glass doors with polished edges. The LS-V501 (42)" includes a high quality safety glass mid-shelf with polished edges. The LS Series provides uncompromising durability and versatility to the serious home theatre connoisseur. It is an impressive combination of strength and style, elegantly designed to "house" your audio/video system. The LS - Video Series is designed for the current generation of video monitors. As pleasing to your eyes as the music is to your ears, the LS Series makes a definitive statement along side your quality audio/video system.
