

GALILEO Mini 2

Designer
Emanuele Ricci - 2002

Sospensione per illuminazione diretta e indiretta attraverso due cristalli lavorati con finiture ottiche che hanno le funzioni di una lente curva di notevole spessore. Kit di decentramento incluso.

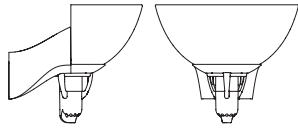

Suspension for direct and indirect lighting, with two diffusers made out of an extra thick glass, very accurately shaped, working as an optical lens. The decentralizing kits are always included.

Hängeleuchte für direktes und indirektes Licht durch zwei Kristallgläser mit optischen Feinbearbeitungen, die die Funktion einer sehr dicken Konkavlinse haben. Dezentralisierungskit inkl. in der Verpackung.
