<b>Cleaning Instructions :</b>
<ul style="list-style-type: none"><li>• Please be certain to turn off the power and allow fixtures or lamps to cool down completely prior to attempting any cleaning or maintenance.</li><li>• Wipe the fixture with a dampened cloth, use mild soapy water or plain water. Clean glass with a household glass cleaner. Do not use any cleaners that contain abrasives or solvents. To avoid damage to the finish on post and pier mounted lanterns in snowy areas, we recommend preventing the accumulation of snow on the fixture. Outdoor lanterns may benefit from using a slight amount of non-abrasive liquid car polish to protect the finish. PLEASE NOTE that this may change or darken the appearance on certain painted finishes.</li></ul>
