

Naos

Design | Carlo Forcolini

The Naos family of wall, ceiling and floor lamps provide flood beam distribution. Ideal for indirect lighting of corridors, meeting rooms, show rooms, restaurants, shops. High visual comfort.

NAOS WALL

4" ³/₈" width x 12" ³/₄" height, 7" ¹/₂" projection

200W, RSC, linear halogen 4" ¹¹/₁₆"

Mounting | Wall mount only. Suitable for installation on normally inflammable surfaces. Can be mounted on a 4" octagonal junction box.

Materials | Diffuser and wall mount in die cast aluminum, body in glass
 Finishes | Polished aluminum body and diffuser, transparent glass

NAOS CEILING

11" ³/₄" length x 11" ³/₄" height, 6" width

300W, RSC, linear halogen 4" ¹¹/₁₆"

Mounting | Ceiling mount only. Suitable for installation on normally inflammable surfaces. Can be mounted on a 4" octagonal junction box.

Materials | Diffuser in die cast aluminum, body in glass, aluminum reflector
 Finishes | Polished aluminum diffuser, transparent glass, anodized reflector

NAOS FLOOR

7" ¹/₂" width x 70" height, 13" ³/₄" base

250W, RSC, linear halogen 4" ¹¹/₁₆"

Materials | Diffuser in die cast aluminum, body in glass, structure and base in steel
 Finishes | Polished diffuser, transparent glass, chromed structure, base in natural steel
 Operation | Light intensity adjustable with a foot dimmer
