

**Cooling Fan for The Environmental Enclosure™** draws in outside air to cool the TV during warm weather. During cooler weather the fan can be shut down.

**Fan with Heater for The Environmental Enclosure™** offers the same cooling feature during warm weather. For cold weather operation, vents in the Enclosure must be sealed (three vent cover plates are included) resulting in continuous circulation of the inside air. When the temperature drops below 36°F (2°C), the heater is activated to warm the circulating air.

Also included with this kit is one two-plug electrical outlet kit to provide power for the heater and fan.

PRODUCT	MODEL#	WEIGHT	SHIPPING WEIGHT	LIFE EXPECTANCY (hrs.)	(W)	(A)	(V)
FAN	ACC 300	2 lb (.9 kg)	2 lb (.9 kg)	100,000	20.7	.18	115
FAN WITH HEATER	ACC 302	2.5 lb (1.1 kg)	4 lb (1.8 kg)	100,000	800	6.96	115

**Notes:** FOR USE WITH PEERLESS ENVIRONMENTAL ENCLOSURES ONLY.  
 WIRING SERVICES OF A CERTIFIED ELECTRICIAN ARE REQUIRED FOR BOTH PRODUCTS.  
 W = WATTAGE A = AMPERAGE V = VOLTAGE

**ARCHITECTS SPECIFICATIONS**

The (Cooling Fan, Fan with Heater) shall be a Peerless model ACC \_\_\_\_\_. It shall be for use as an accessory to a Peerless model EE \_\_\_\_\_ Environmental Enclosure Mount. It shall include all mounting hardware for attachment to a Peerless Environmental Enclosure Mount. Assembly and installation shall be done according to instructions provided by the manufacturer.
