- 1 After step 7 on sheet 128-91050, locate the safety belt (**BB**). Fasten the belt to one of the vertical support arms (**B**) either by placing the belt under existing M10 screw from Jumbo mount as shown or use a new screw (**AA**) provided with the belt into any available thread hole. Wrap the safety belt (**BB**) around the rear of the TV. Fasten the safety belt (**BB**) to the other vertical support arm (**B**). Finally, adjust the safety belt (**BB**) as needed to secure the TV.
