

Installation and Assembly - Pipe Reducer

Model: ACC 913

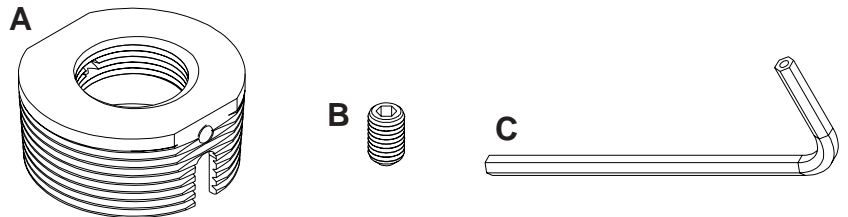

This product is to be used in combination with **FLP extension columns**.

IMPORTANT! Read entire instruction sheet before you start installation and assembly.

Before you start check the parts list below to make sure all of the parts shown are included.

Parts List

Description	Qty.	Part Number
A reducer	1	580-1009
B set screw	1	520-1127
C hex wrench	1	560-1034

WARNING

- Installer must verify that the ceiling will safely support four times the combined weight of all attached equipment and hardware.

- 1 Thread reducer (A) onto 3/4" extension column (sold separately) until tight. Insert one set screw (B) into hole in reducer (A) as shown in **detail 1**. **Note: Set screw (B) is used to jam against the threads of extension column to prevent any excess movement.**
