

TECHNICAL DATA SHEET - Wire Management Channel

MODELS: ACC 924, ACC 926

All dimensions: in (mm)

The wire management channel adds the perfect touch to maintain the clean look of a professional installation by keeping cables and cords out of sight. Its distinctive styling blends well with flat panel or CRT applications, can be painted to match any décor, and can be cut to the desired length.

Features:

- Flexible hinge allows simple snap-action closure
- Measures less than 1/2" thick from the wall and 3" wide
- 2' increments butt together to create 4' or 6' lengths
- Includes drywall screws and anchors
- Available in white and can be painted
