

ASSEMBLY INSTRUCTION

1. Before beginning the assembly, carefully unpack and identify all parts, referring to the illustration.
2. Turn power to the installation point OFF at circuit breaker.
3. Thread end of LOWER TUBE onto nipple on the top end of BASE. Hand tighten until snug. Proceed to thread LARGE TUBE and LOWER TUBE together and hand tighten until snug. Swing ARM to your desired location by adjusting THUMBSCREW on the top end of SMALL TUBE. Then accommodate SOCKET direction by adjusting THUMBSCREW on the bottom of SHADE HOLDER.
4. Position SOCKET through the hole on the bottom center of SHADE. Secure SHADE by threading SOCKET COLLAR onto SOCKET and hand tighten until snug.
5. Install bulbs referring to fixture markings and/or labels for maximum wattage.
6. Please note: You can adjust the height of your lamp by raising and lowering the SMALL TUBE. When you have a satisfied height, tighten the adjusting KNOB on the side of the LARGE TUBE to secure it.
7. Plug the SUPPLY WIRE into the wall outlet and turn the power to the installation point ON. Retain this sheet for future reference.
