

ASSEMBLY INSTRUCTIONS

1. Before beginning the assembly, carefully unpack and identify all of the parts, referring to the illustration.
2. Place the BASE on a level work surface.
3. Locate the NIPPLE with HEX NUT. Thread the end of the NIPPLE into the HEX COUPLING on the top center of the WIRING COMPARTMENT. Use plier, thread the HEX NUT against HEX COUPLING and hand tighten until snug.
4. Locate the following components over the top end of the NIPPLE in turn: SPACE TUBE, CHECK RING, SHADE HOLDER, SHADE and SHADE STOP. Secure them together by threading a HEX NUT onto the top end of the NIPPLE. Hand tighten until snug.
5. Locate the CAP over the top end of the NIPPLE. Proceed to thread the FINIAL onto the top end of the NIPPLE and tighten until snug to secure it.
6. Install the correct bulbs referring to fixture markings and/or labels for maximum wattage.
7. Plug the SUPPLY WIRE into the wall outlet. Retain this sheet for future reference.
