

# FAIRHAVEN™

A white enamel finish lends unadorned, relaxed simplicity to the architectural lines of the cabinet.

Extending the styling of the Fairhaven collection, this incandescent sconce offers an adjustable light and is available in the same Chrome and Brushed Nickel finishes as the cabinet hardware.

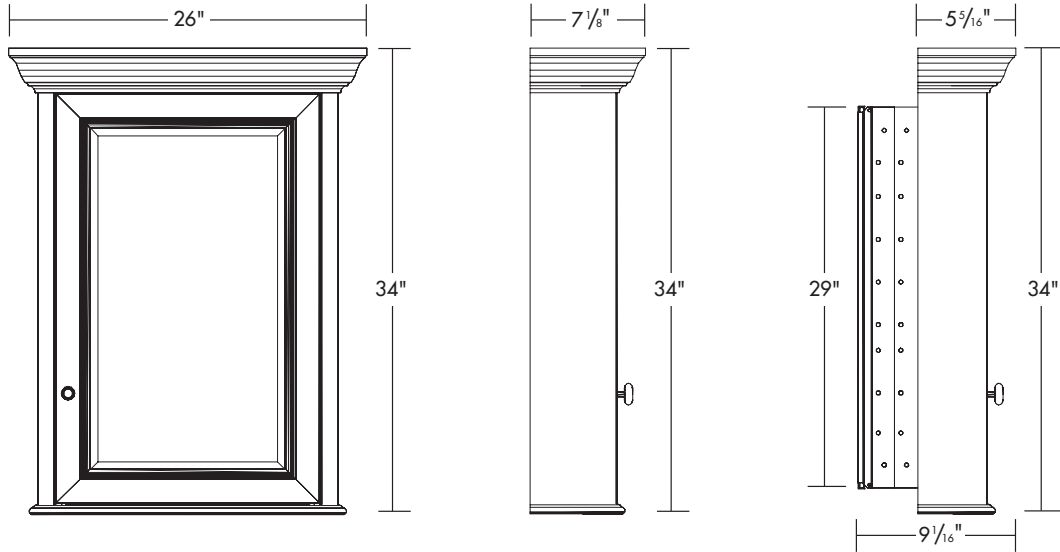

The original Fairhaven™ cabinet by Robern offers the benefits and functionality of luxury storage. Available for surface- or recess-mount installation, our white enameled cabinets feature a 1/2" beveled mirror with a beaded door and a round Chrome or Brushed Nickel knob. Options include a safety-lock box for secure storage of personal items and an interior electrical outlet for convenient power. Coordinating incandescent sconces add to the cabinet's timeless appeal. Designed to complement the entire Fairhaven cabinetry collection, our mirrored cabinet offers a coordinated design solution for the casual, relaxed bath.
