S SERIES cabinets

S Series is an innovative collection of mirrored cabinets that combines contemporary elegance, convenient storage solutions and installation versatility. With recess and surface-mount installation options in multiple sizes, these sleek, all-aluminum cabinets overcome challenging installations. Available in a width of 14", the S Series effortlessly recesses between existing wall studs without additional framing or carpentry work - making it a perfect option for new construction or remodeling projects. The door design features both a front and back-of-door mirror, as well as European furniture-quality hinges that provide smooth, sturdy operation. In addition, the Sculpted Slide™ shelf standards are stamped into the metal of the cabinet frame to support the shelves and lend a sculptural aesthetic element to a commonly utilitarian component.

S SERIES cabinets

FRAMELESS DESIGN

A clean, frameless design with all of the features you expect from Robern. The modular design allows for ganging of different widths cabinets. An optional kit is required for every two cabinets ganged. Available in plain or beveled glass door. Recess or surface mount.

METAL FRAME DESIGN

A thin metal frame accents the sleek lines of the S Series cabinets. Constructed from top-quality stainless steel for lasting beauty, these frames are available in a choice of polished chrome or brushed nickel finishes. Recess or surface mount.
Only available in 1/2 Beveled Mirrored Cabinet Door

WOOD SURROUNDS

Now, you can incorporate the rich look of wood to your bath with the S Series. These elegant wood surrounds are available pre-assembled to all S Series sizes and in a choice of white, maple or cherry finishes. Frames add 8" to the overall height and width of the cabinet and feature a 1.25" profile.

FEATURES
