ScanCom International A/S : Gl. Banegårdsplads 10, 4220 Korsør, Denmark
T: + 45 5835 1425 F: + 45 5835 1420 www.scancom.net

1 ScanCom Teak Cleaner

Wet the garden furniture.
Thoroughly clean the furniture.

3 ScanCom gloves

Take care of your hands
and wear gloves.

5 ScanCom emery paper

Gently sand down with emery
paper if required.

7 ScanCom Teak Sealer Oil

Application should be repeated
several times until there is no further
absorption.
Use a cloth to remove any excess oil.

2 ScanCom brush

Use the brush to remove
water stains and dirt.

4 ScanCom sponge

Rinse furniture with clean water.

6 Scancom brush Scancom cotton cloth

Apply the Scancom Oil with the brush
or the cotton cloth.

8 Storage during winter:

Timber does shrink and expand according to humidity.
This is natural. This furniture has been constructed for the
climate we normally have during summer. When storing this
product, do not put in rooms that are centrally heated, as this
will cause the timber to dry out and possibly shrink and crack.
Cool, well-ventilated sheds are the most suitable location.
