

Sona Series

Setting the standard in support solutions

The SONA AV range is an appealing fusion of glass and steel AV support furniture with market leading features and timeless, contemporary design.

Capable of supporting a diverse range of flat panel TVs and ancillary equipment, models in the SONA AV range offer ultra-rigid tension rod construction and integral cable management for a sleek, uncluttered look in the living room.

Glass-bonded pillars maximise useable top-shelf space and create an easy-to-clean design, while SONA's unrivalled safety features include BS6206A safety glass and gently rounded corners.
