**STEP 1:**

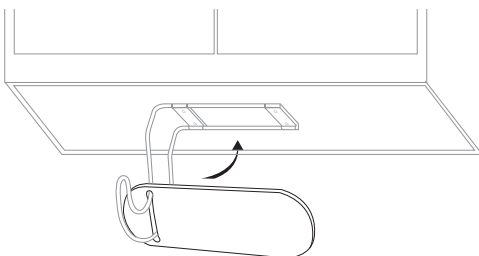

Position the mounting bracket [B] under the cabinet leaving at least 2.5" of space on each side of the bracket.

(NOTE: if there is a lip on the front of your cabinet - be sure to place the bracket centered in the depth of the cabinet - otherwise it may be difficult to mount the holder onto the bracket)

Fasten the bracket in place using the hardware provided [A].

**STEP 2:**

Slide the plastic cover cap [C] over the mounting bracket and snap in place.

**STEP 3:**

Guide the Paper Towel Holder [D] onto the mounted bracket until it feels securely in place.

The Dual Position Paper Towel Holder is now ready to use!
