Ordering Example (series – model number – finish): HR-D326-WT

Product Details

Description: Slotted aperture trim used for controlled highlighting or drama from a small aperture. The slot can be rotated around its axis for post installation adjustment. For use with HR-300 series low voltage downlight housings.
Center lamp holder allows the lamp to be tilted to 25° from nadir.

Materials: Powder coated or plated brushed nickel finish on die-cast aluminum. Inner die-cast aluminum trim body with three heavy gauge retention clips to firmly hold trim to housing.

Lamping: Utilizes 12volt MR16 lamps, 35w max. Ordered separately.
Trim supplied with clear tempered glass lens cover for lamp.

Finish: BK = Black
BN = Brushed nickel
WT = White

Listing: UL & CUL Listed. Suitable for damp locations.

Specification Features

- The supplied clear glass lens can be replaced with one lens accessory such as a colored dichroic lens, UV filter lens, frosted lens, etc. See catalog or website for full lens accessory selection.
- The three inch die-cast series is the smallest performance trim available for both commercial and residential lighting projects.
- Handles surface thickness up to 3/4".
- 2 year W.A.C. Lighting product warranty.
