Ordering Example (*series – model number – finish*): HR-D332-BL

Product Details

Description: Open reflector trim with decorative donut style glass element for use with HR-300 series low voltage downlight housings. The glass element diffuses the high angle light, providing general white light below and a soft colored glow pattern on the ceiling.

Materials: Glass element is solid colored cased glass. Inner die-cast aluminum trim body with three heavy gauge retention clips to firmly hold trim to housing.

Lamping: Utilizes 12volt MR16 lamps, 50w max. Ordered separately. Trim supplied with clear tempered glass lens cover for lamp.

Finish:
 AM = Amber glass element
 BL = Blue glass element
 WT = White glass element

Listing: UL & CUL Listed. Suitable for damp locations.

Specification Features

- The supplied clear glass lens can be replaced with one lens accessory such as a spread lens, UV filter lens, frosted lens, etc. See catalog or website for full lens selection.
- The three inch die-cast series is the smallest performance trim available for both commercial and residential lighting projects.
- Handles surface thickness up to 3/4".
- 2 year W.A.C. Lighting product warranty.

Compatible Housings (sold separately):
