SBH	105	BK WT

Ordering Example (model – series – finish): SBH-105-WT

Product Details

Description:	Linear System xenon fixture for a single bi-pin base lamp. Holds the lamp in an adjustable horizontal position.
Materials:	Polycarbonate track adapter, ceramic lamp holder with nickel plated contacts. Vertical aluminum reflector on swivel arm fixed to ceramic lamp socket.
Transformer:	Compatible with all Linear System transformers. Transformers are ordered separately.
Lamping:	Uses a bi-pin based xenon lamp, ordered separately. For 12 volt systems, can use a 15w or 20w lamp. For 24 volt systems, can use a 15w or 20w lamp.
Finish:	Abrasion resistant paint finish. Available in Black (BK), White (WT).
Listing:	UL & CUL Listed. 2 year W.A.C. Lighting product warranty.

Specification Features

- This simple fixture design swivels 180 degrees to provide maximum directional light output for vertical and corner surfaces.
- Transformer should be ordered as part of the Linear System. Determine the total system track length, number of fixtures required for the application, then total the wattage and choose your voltage and transformer. The SBH-101 is compatible with all Linear System transformers.
